Claims 1, 12-15, 19, 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1 "encapsulated" is vague; the term suggests that the cisplatin is location interior to the dendrimer rather than at the surface location in the proposed figure in the response of 6/2/04.

Claims 1, 12-15, 19, 20 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for cisplatin bound as shown in the proposed figure cited above, does not reasonably provide enablement for cisplatin bound in the interior of the dendrimer. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make the invention commensurate in scope with these claims. Applicants only disclose how to make the compound of the above-cited proposed figure. No other is specified.

Claims 1, 12-15, 19, 20 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The lower range "157%" is not disclosed.

Applicants are advised that the proposed figure constitutes <sup>e</sup> ~~n~~ow matter.

No claims allowed.

Art Unit: 1617

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
